

## DAIRY PRODUCTS MARKET.

Butter—More butter was offered by receivers than any day before this season. Inventories indicate liberal shipments. General trade is satisfactory, but there is a lack of outside demand. Prices are shown quite firm, but not enough yet to store with safety. There were no tubs sold under the call at 20c, and a number of private sales at the same price. Some good lots of table stock worked out at 24c to 25c. Receipts for the day were 10,000 packages, nearly 2,000 less than the same day last year. Creamery extra, pounds, 25c; seconds, firsts, 27c; seconds, 26c; seconds, 26c; State dairy, tubs, finest, 28c; second, good to prime, 27c; second, process, extra, 27c; second, firsts, 27c; Factory, firsts, 26c; seconds, 24c; 2nd. Packing stock, No. 2, 26c; No. 3, 24c; 2nd.

Eggs—Better demand for white stock and a little more coming that shows better quality. The accumulated color stock is offered liberally with a steady demand. Most of the business is done below 10c. Bulk of the trading is 12c. Old factory, held, both white and colored, is in demand. Farmer feeding for fresh skins. Whole milk, fresh, colored and white; special, 18c; colored and white average, 12c; 18c; undergrades, 11c; 12c; held, as to quality, 9c to 12c. Wisconsin, held, 10c. State skins, fresh, specials, 9c to 12c; held, 12c. Some house of 10c, 11c, 12c.

EGGS—Receipts disappointing, and it looks as though New York will be short to open the fall season. Yesterday Chicago was 10,000 cases short, Boston 16,000, and today New York is 10,000, compared with the same day last year. There is little or no change in the range of values. High graded Northern eggs are firm and cheap. Eggs showing quality are in demand. A few sales of fancy storage stock are reported at 22c. Southern section, storage packed, offered as low as 10c, not above 20c. New York eggs are regular. Receipts, 36,000 cases, compared with 50,000 that same day last year. Extras, dozen, 22c to 25c; storage packed, firsts to extra firsts, 21c to 22c; regular packed, 21c to 21c; regular firsts, 20c to 20c; regular eggs, 19c to 19c; seconds, 18c to 18c; dirty, No. 1, 18c to 18c; No. 2, 17c to 17c; checks, good to choice, 16c to 17c; nearby henney whites, 22c to 24c; Western, 20c to 22c; brown, 22c to 24c; mixed, 20c to 22c.

LIVE POULTRY—Conditions in West Washington Market are deteriorated because of the strife between importers and receivers. No public sales were made. A few were smuggled out to distributors, but as a rule the organization is holding together. It is expected that prices will be fixed to-morrow. The Hebrew population must have kosher killed poultry, and there is no other way to get it except through the regular receivers. A few independents get occasional cars, and one of the operators in this line was beaten by the manufacturers for distributing a part of a car. Matters are in such a demoralized condition that no price is obtainable.

DRESSING.—The market, the day before, rather stiffened the market all along the line and receivers are holding their fowls at 10c, looking for a good trade toward the last of the week at probably higher prices. Dry packed, boxed fowls are working out as high as 20c, but, course, heavy fowls are difficult to place and range 10c to 15c. Old roasters are firm. More Long Island spring ducks than demand requires. They declined to 16c, with Southern selling slow at the nearby brokers' firm under light receipts. But little change in prices. Turkey hens, fed, 26c to 28c; young toms, the old, 18c to 20c; Philadelphia broiler squabs, fancy, 2c to pair, 65c to 70c; 12c lbs., pair, 10c to 12c; lbs., per lb.; 10c; small Virginian fowl, fed, 16c to 18c; the pair, 10c; 12c; 14c; 16c; 18c; 20c; 22c; 24c; 26c; 28c; 30c; 32c; 34c; 36c; 38c; 40c; 42c; 44c; 46c; 48c; 50c; 52c; 54c; 56c; 58c; 60c; 62c; 64c; 66c; 68c; 70c; 72c; 74c; 76c; 78c; 80c; 82c; 84c;
